DETAILED ACTION

Response to Amendment

1. The amendment filed on April 27, 2006 has been entered and made of record.

Allowable Subject Matter

2. Claims 1-13,25-39 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 1-13,25-39 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches a method of processing an image comprising: modifying an image of a print ready data stream by a third process, where less than all of the image is stored by the third process in memory at any single point in time, wherein the third process has insufficient memory to store all of the image at any single point in time, including at least one of: horizontally cloning at least a portion of the image of the print ready data stream; vertically cloning at least a portion of the image of the print ready data stream, respectively, as set forth in Claim 1 and

Providing a print ready data stream of an image to a first process wherein the image includes all of a document; modifying the image where less than all of the image is stored by a subsequent process at any single point in time, wherein the first process has insufficient memory to store all of the image including horizontally cloning a portion of the image and/or vertically cloning a portion of the image; providing the modified
